## STUDENTS WITH SPECIAL NEEDS

Welcome to Sunbeam World School, where we firmly believe in the power of inclusive education. At Sunbeam, we understand that every child is unique, and we are committed to providing a nurturing environment where children with special needs can thrive alongside their peers.

**Our Inclusive Education Philosophy:** We recognize the importance of offering extra attention and love to children with special needs to ensure they enjoy an education that is equal to that of their peers. Our goal is to create an inclusive community where every child feels valued, supported, and empowered.

**Specialized Classes for Diverse Needs:** At Sunbeam World School, we have dedicated special classes tailored to cater to the unique requirements of children with ADHD, autism, dyslexia, and speech delays. Our experienced and RCI (Rehabilitation Council of India) approved teachers are trained to provide the extra care and attention your child needs.

**Focus Building and Life Skills:** Our curriculum is designed not only to address academic needs but also to focus on the overall development of the child. We employ strategies to build focus and attention spans, ensuring that every child can engage effectively in the learning process. In addition, we place a strong emphasis on teaching everyday life skills, such as navigating the bank or supermarket, empowering our students for a smoother transition into the world.

1) At which stage of a mosquito's life cycle does moulting takes place?

- Pupal stage
- Adult stage
- Larval stage
- In-between pupal and adult stage

2) Why does only the female mosquito require a blood meal?

- It does not like the taste of nectar.
- Blood is a rich source of protein which is helpful to make eggs.
- Blood helps her to fly long distances.
- Blood is the only source of energy.

$$k = \frac{E}{(R + S)\theta}$$

Where E is the e.m.f. of the cell and  $\theta$  is the deflection produced with resistance R.  
Let 'l' be the length of the resistance wire required for a resistance of 5 ohm.

$$\text{Then, } l = \frac{\pi r^2 S}{\rho}$$

where, r is the radius of the wire and  $\rho$  is the resistivity of the material of the wire.

**Learning Outcomes:**

The student learns the following concepts:

- Galvanometer
- Ammeter
- Figure of merit
- Shunt resistance
- How a galvanometer can be converted into an ammeter.

## About Tata EarlyEdge

Tata EarlyEdge is a curriculum that has been designed as a 3-year comprehensive pre-primary curriculum that builds on a child's natural curiosity in fun and engaging ways. It is mapped to the learning outcomes as described by the NCERT and aligned with the **National Education Policy- NEP,2020 and National Curriculum Framework for the Foundational Stage.**

Tata EarlyEdge enables a comfortable entry into Grade 1 instilling a sense of confidence by offering ample practice in Foundational Literacy and Numeracy. Furthermore, our integrated curriculum aims to go beyond and promote a child's social, emotional, cognitive and physical growth through different activities such as play, hands-on experiences and exploration.

## The 3 Cs of Tata EarlyEdge

**Communicate**- Children should be able to express themselves with adults and peers confidently and not just follow simple commands and reply when they are spoken to. EarlyEdge is not about parrot and repeat but instils in children an ability to share their thoughts and ideas to express what is unique about them.

**Connect**- Children should be immersed in learning and be fully engaged with every activity they are doing. EarlyEdge is designed to connect students to their learning through storytelling and play.

**Care**- EarlyEdge is designed to teach children how to care for their bodies and the environment in small ways, so that they grow into empathetic, independent individuals.

## Alignment with NEP 2020

EarlyEdge with NIPUN (National Initiative for Proficiency in Reading with Understanding and Numeracy)

The 3 Cs of Tata EarlyEdge are directly aligned with the below-mentioned **NEP 2020 NIPUN (National Initiative for Proficiency in Reading with Understanding and Numeracy)** guidelines–

EarlyEdge with NCF for FS (National Curriculum Framework for Foundation Stage)

The EarlyEdge curriculum and learning outcomes are aligned with NCF for FS (**National Curriculum Framework for Foundation Stage**) and with international best practices in early childhood education.

Some NCF for FS references and how EarlyEdge implements these are listed below–

- 1. Parental Involvement (NCF 1.1.2):** Tata EarlyEdge promotes parental engagement through activities designed for collaboration and a dedicated parent app, ensuring a unified learning experience between the classroom and home.
- 2. Play-based Learning (NCF 1.1.3):** The curriculum incorporates age-appropriate, physical, educational, and social activities through play-based methods. These are evident in the interactive digital content, in-class play-based resources, activity books, and character-based social development in EVS subject books.

# SUNBEAM WORLD SCHOOL

Best 100% Online school for K-12 with legacy of 50 Yrs. in Education

**3. Teacher Empowerment (NCF 1.2.4):** Teachers undergo training from subject matter experts, emphasizing the importance of human resource development and transformation in practice.

**4. Conceptual Understanding (NCF 1.3.1):** The curriculum places a strong emphasis on conceptual understanding over rote learning or exam-oriented education, with student books containing concept-building exercises and Higher Order Thinking Skills activities.

**5. Cultural Relevance (NCF 1.3.1 & 1.5.2):** EarlyEdge integrates Indian context throughout its materials– including character appearance, names, and settings– aligning with the emphasis on contextual relevance in the curriculum.

**6. Digital Integration (NCF 5.2.1 & 5.4.7):** EarlyEdge seamlessly incorporates digital technology into the curriculum. The use of animations, interactive games, and real-life videos enhances the learning experience, fostering active engagement and aligning with the NCF for FS' encouragement of utilizing current technology for effective education in the foundation stage.

## What we offer as part of EarlyEdge Holistic

1. Teacher Training sessions conducted by subject matter experts from Tata ClassEdge.
2. Educator Manual and Comprehensive Day Planner for every teacher to prepare themselves.
3. Teacher Books and Digital Content for in-class teaching.
4. Activity Kits, Craft Kits and Student Books for every student.
5. In-class Resources for each classroom with Digital Content.

## Benefits of EarlyEdge

### Benefits for Parents

1. Tata EarlyEdge ensures holistic development while promoting skills like communication, joyful learning, and caring for their space to prepare children for formal schooling and the world.
2. The curriculum employs a skill-based framework, addressing critical skills with detailed learning outcomes, providing parents with clarity on their child's progress. This is communicated additionally through the Parent App.
3. The engaging materials, both print and digital, foster a love for books and create a positive learning environment at home. It guides parents through their child's learning which leads to them becoming active participants in the child's learning journey.
4. Tata EarlyEdge's focus on the English language enhances a child's academic performance in higher grades, promoting confidence in spoken English & English instruction-based subjects.
5. The numeracy curriculum builds strong mathematical foundations, allowing children to enter Class 1 with confidence and a solid understanding of key concepts.
6. The focus on prewriting skills and various activities, including crafts, enhances fine motor skills, creativity, and cognitive abilities. These activities are designed to build competent and confident children ready for Class 1.

### Benefits for Children

1. A joyful and engaging learning experience through multiple modalities (visual, auditory, verbal, kinesthetic) promoting interaction, imagination, and FLN skill development.
2. Content that is culturally relatable to an Indian context fosters a connection to their surroundings, making learning relatable and enjoyable.
3. English language skills are developed systematically, from letter-sound association to reading and writing, ensuring a strong foundation for academic success.

## Some of the Benefits for Choosing CBSE School Education are:-

- 1. Recognised by the Indian Government:** The Indian government recognises CBSE as a national level body of education. This means that the curriculum for different grades is organised according to the Indian government's guidelines.
- 2. Uniformity Throughout the Curriculum:** Every CBSE school curriculum has been recognised by the National Council of Education Research and Training (NCERT).
- 3. Focus on Languages:** Apart from focussing on Hindi and English equally, several CBSE SCHOOLS now have the option of learning another foreign language like German, French or Spanish. This gives an advantage to students who wish to apply for further studies in foreign countries. Students can even opt for Regional Languages.
- 4. Global Recognition:** Gone are the days when CBSE seemed like an Indian thing only.  
The curriculum is recognised by almost all of the international universities across the globe. No CBSE student would face a difficulty due to the curriculum while applying for a higher course abroad. In fact, there are several schools in various foreign countries offering CBSE curriculum along with others.
- 5. Competitive Exams Ready:** The teaching methods have evolved drastically as competitive exams have become more important in the curriculum. Every parent wants their child to be prepared for competitive exams such as JEE, AIEE, etc. Choosing a CBSE school that has a broad curriculum provides the extra benefit of learning more ahead of the numerous competitive exams. CBSE syllabus is designed to prepare students for entrance exams such as the IIT-JEE, AIEE, and AIIMS. This gives CBSE an advantage over other boards.
- 6. CBSE Board gives extra advantages to students with health problems or students with special need for board exams.**

## Some of the Benefits for Choosing NIOS Board of Education Are:-

**NIOS (National Institute of Open Schooling)** is a recognized board of education under the Ministry of HRD, Government of India. It is one of the largest open schooling systems in the world offering opportunities to those who could not complete their formal school education. NIOS has helped fulfil the dreams of many aspirants from around the world by enabling them to pursue their Class 10th and Class 12th education and to get the School Leaving Certificate. NIOS is a great choice for students of different age groups, of different goals and passions. Also, candidates who can't access regular education due to work or other interests can pursue NIOS.

## STUDENT OF NIOS BOARD CAN APPEAR FOR COMPETITIVE EXAMS LIKE IIT-JEE, NEET, CAT, UPSC ETC..

### FEATURES OF NIOS CURRICULUM

The main aim of NIOS is to universalize school education. The curriculum is designed in such a way that emphasis is given to both theoretical education and skill development. Students have the option to choose subjects and languages. They can learn at their own pace and give the examination within the set timeline. Students can complete their pre-degree school education through NIOS. The choice of the Study Centre can make a difference in the kind of support students receive during the course.

### Who Can Opt for NIOS?

- ★ NIOS is a choice for anyone who wishes to continue their education.
- ★ Candidate age should be complete 14 years for taking NIOS admission in the 10th Secondary Course.
- ★ Candidate age should be complete 16 years for taking NIOS admission in the 12th Senior Secondary Course.

## CAMBRIDGE BOARD

### Why choose Cambridge Early Years?

It helps children develop the knowledge, understanding and skills they need for the next stage in their education - whether they move on to Cambridge Primary or another programme.

It is a child-centred, play-based programme that helps young learners to develop at their own pace. It encourages them to act independently, make their own choices and discover feelings of self-worth.

It includes everything you need for high-quality learning: a holistic, balanced curriculum, engaging classroom resources, professional development and assessment approaches to help you measure your learners' progress. We believe that Cambridge Early Years works best when you use all elements of the programme together.

It supports learners, whatever their level of English when they begin the programme. We also help you offer a bilingual or multilingual approach if learners have a home language other than English.

### Cambridge Primary

Cambridge Primary starts learners on an exciting educational journey. Typically for 5 to 11 year olds, it provides a strong foundation for students at the beginning of their schooling before progressing through the Cambridge Pathway in an age-appropriate way.

### Cambridge Lower Secondary

Cambridge Lower Secondary is typically for learners aged 11 to 14 years. It helps you prepare students for the next step of their education, providing a clear path as they progress through the Cambridge Pathway in an age-appropriate way.

## Customisable Test Creation

Test creation is not a time-consuming process anymore, with Sunbeam World School Assessment customisable templates you can generate various types of tests in just three clicks.

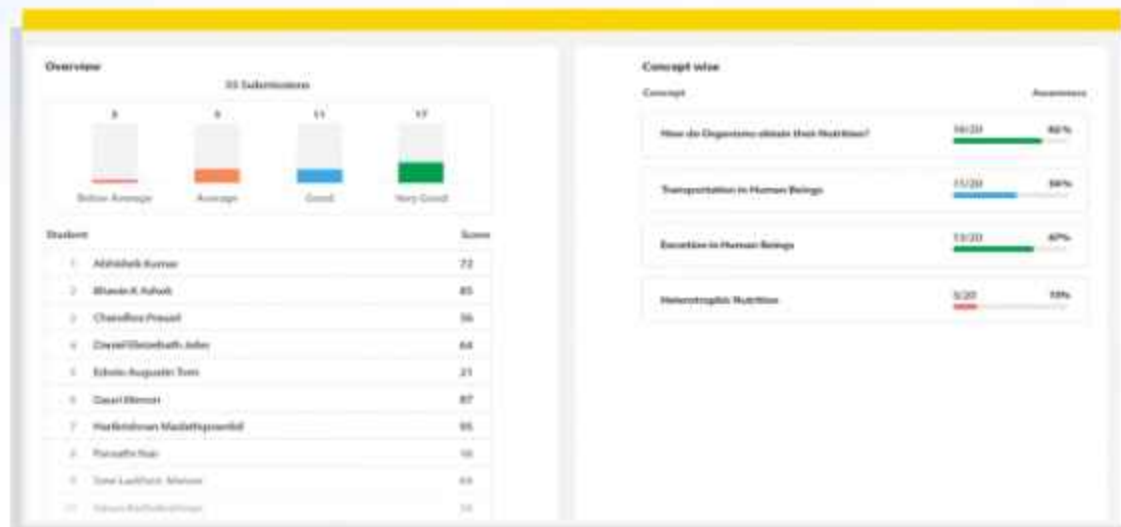

- Teachers can customise tests in the online, offline and hybrid modes
- Freedom to choose the submission window, shuffle questions, allow multiple attempts and schedule a time for taking and submitting the test
- Modify the due date of the test and allow students to take retests
- Publish assignment windows for a particular set of students

## Adaptive Assessments for Maths & Science

Powered by AI-ML, it adjusts to the learning needs of individual students. It offers two kinds of understandings:

- Smart Concept Test based on Item Response Theory, which determines the concept-level understanding of a student in a particular chapter.
- Smart Revision Test based on Knowledge Space Theory, which gauges learners' ability to understand an entire chapter by linking various concepts within it.

## Online Proctoring

Sunbeam World School Proctored Exam gives teachers the relief of automated monitoring during their tests while notifying malpractice by raising flags and ensuring better control during online invigilation. A comprehensive proctoring report is generated at the end of every test which covers the total number of flags raised, the frequency of each flag and the overall activity of the students.

Ensures fair testing of knowledge with unique features like:

- Camera Infringement Checks
- Proctoring Window
- Safe-Browser
- Face Recognition
- Flags for Infringement
- AI-Monitoring
- Voice Capture
- Access to the students' video feed in supervision mode
- Group Announcements
- Live Chat one-to-one
- Video Call one-to-one

We have emulated a real-life invigilating experience for teachers. The teacher can interact, warn or make an nouncements during the assessments through live chat or video call. They can also terminate the exam for a student indulging in malpractice.

## Effective Assessment Evaluation

### Automated Evaluation

Automatic evaluation of objective questions i.e., MCQs, MMCQs, fill in the blanks, match the following, true & false, etc.

### On-Screen Evaluation

Making a teacher's life easy is our job and we made sure we don't leave any stone unturned! Once students upload their answer sheets or attempt subjective tests, the teacher can make use of the annotation tools and correct them on-screen to avoid the hassle of manual correction.
